6.

The lawn calls for regular watering, mowing, fertilizing, and weeding to stay healthy and aesthetically pleasing. If neglected, the yard begins to turn yellow or brownish and may also die, which would call for reseeding or perhaps full substitute of the yard.

On the other hand, synthetic grass basically removes these issues. It stays perfectly green and lush throughout the year, irrespective of the weather conditions. There is no need for normal watering, which not only conserves effort and time however likewise adds to water conservation – a substantial worry in areas like Las Vegas. The only water demand would be periodic washing to maintain it clean and dust-free.

Furthermore, with artificial turf, there is no need for cutting or feeding. It continues to be at the perfect elevation forever, and theres no risk of it overgrowing or harboring weeds. This not just lowers the time invested in lawn upkeep yet likewise eliminates the cost of purchasing and preserving a lawnmower or purchasing fertilizers.

Synthetic grass is likewise a lot more resilient and hard-wearing than natural lawn. It can withstand heavy foot web traffic and strenuous play activities without getting worn or damaged. This indicates you wont need to bother with replacing or repairing certain areas of your grass, which is another typical maintenance job with natural turf.

The minimized upkeep requirement with synthetic grass provides home owners in Las Vegas with more time to enjoy their exterior spaces, instead of spending time keeping them. It additionally indicates substantial expense financial savings in the long run. In a city like Las Vegas, where the environment is extreme, artificial turf confirms to be a clever and beneficial selection for home owners, offering an evergreen, low-maintenance lawn that looks and feels much like natural lawn.

Ecological Advantages of Switching to Artificial Turf

As Las Vegas continues to experience the influences of a transforming environment and enhancing water shortage, it is ending up being essential for locals and services to locate cutting-edge methods to preserve water. One such means is through the adoption of synthetic grass or artificial turf. This alternative not just uses aesthetic allure and low maintenance however additionally carries substantial environmental advantages.

One of the most apparent environmental benefits of switching to synthetic grass is water preservation. Conventional turf yards call for a significant quantity of water to remain green and healthy, especially in the desert environment of Las Vegas. According to the Southern Nevada Water Authority, each square foot of all-natural lawn changed by synthetic grass conserves 55 gallons of water each year. As a result, by switching over to artificial turf, Las Vegas residents can dramatically minimize their water usage, which is vital in a city where water is a priceless source.

Synthetic grass likewise gets rid of the demand for hazardous chemicals and fertilizers. Most natural grass require pesticides, plant foods, and herbicides to maintain their look and health. These compounds frequently leak right into the ground, polluting the groundwater and influencing the neighborhood plants and fauna negatively. With synthetic grass, these chemicals are unneeded, making it a more secure selection for the environment.

HOA score.

2. Perfect your short game without leaving home with artificial grass putting greens in Las Vegas.
3. Child safe fake grass in Las Vegas means you worry less and play more.
4. indoor turf Las Vegas
5. Las Vegas synthetic lawn installer

Another substantial environmental advantage of artificial turf is its durability and durability. Unlike all-natural turf, synthetic grass does not need reseeding or replacement due to weather modifications. This longevity lowers the resources utilized for the consistent upkeep and replacement of natural yard.

In terms of air high quality, man-made turf uses clear advantages too. Conventional yards require routine mowing, which releases pollutants right into the atmosphere. The U.S Environmental Protection Agency keeps in mind that gas-powered lawn mowers add significantly to air pollution. With synthetic grass, no mowing is needed, getting rid of these discharges completely.

Lastly, synthetic grass aids deal with dirt disintegration. In locations where the soil is prone to disintegration, particularly in desert climates like Las Las vega, artificial turf can offer much-needed security. The backing material on artificial turf assists maintain soil in position, preventing disintegration and advertising much better ecological wellness.

To conclude, the button to synthetic grass in Las Las vega provides numerous ecological benefits.

An All-Inclusive Review of Las Vegas Synthetic Grass –

1. Your dog won't know the difference, but your nose might—pet friendly turf in Las Vegas is a win-win.
2. Artificial turf for schools in Las Vegas means recess without the mud pies.
3. Low maintenance grass in Paradise NV means more margaritas, fewer blisters.
4. durable turf for kids Las Vegas
- 5.

From water conservation to air high quality improvement, synthetic grass verifies to be a feasible, eco-friendly option, specifically in locations facing water scarcity and environment change. As Las Vegas homeowners continue to look for ways to decrease their ecological footprint, the fostering of synthetic grass will likely become a significantly prominent option.

Versatility and Visual Appeal of Artificial Turf in Las Vegas

Synthetic grass, typically called synthetic grass, has acquired immense appeal in the arid, desert city of Las Vegas. In a city where natural turf is testing to grow and preserve due to water scarcity and extreme warm, artificial turf presents an attractive and versatile choice. The flexibility and visual allure of synthetic grass are amongst the top ten advantages of utilizing this man-made surface area in Las Vegas.

Lets beginning by going over the versatility of artificial turf. Among the key benefits of synthetic grass is that it can be mounted anywhere, regardless of the climate or surface. This is especially useful in Las Vegas, where the atmosphere is not conducive to the growth of natural grass. Synthetic grass can be mounted on roofs, patio areas, around pool areas, canine runs, sports areas, and play areas, among others. It is additionally a preferred selection for golf courses and bowling greens because of its even, smooth surface. This flexibility implies you can have a rich, eco-friendly grass throughout the year, irrespective of the climate or water constraints.

One more considerable advantage of artificial turf is its aesthetic appeal. Unlike natural turf, artificial turf continues to be vivid and eco-friendly throughout the year, improving the appearance of your home or business. It offers a clean, nicely polished look that is difficult to accomplish with natural lawn, particularly in a desert climate. The synthetic grass offered today is made to look like actual lawn, making it virtually identical from the actual thing. Additionally, it does not discolor under sunshine or turn brownish during dry spells, ensuring your yard looks attractive and inviting whatsoever times.

Moreover, synthetic grass can be customized to fit your particular needs. It is offered in different shades, lengths, and appearances, allowing you to create a distinct and customized outside room. Whether you desire a soft, deluxe yard for your youngsters to use or a durable, hard-wearing surface for high-traffic areas, there is a synthetic grass item to satisfy your requirements.

Finally, the versatility and aesthetic charm of artificial turf make it an outstanding selection for homes and businesses in Las Vegas. Not just does it supply a practical, low-maintenance option to natural turf, but it also enhances the appearance of your building, making it extra enticing and inviting.

1. Low water turf solutions in Las Vegas are how the smart folks stay green.
2. pet friendly turf Las Vegas
3. Artificial turf landscape designers in Las Vegas—turning meh into magnificent.
4. synthetic turf for retail Las Vegas
5. Heat resistant turf in Las Vegas: won't fry your feet or your style.

So, if you're considering upgrading your outdoor area, synthetic grass could be the best solution.

Longevity and Resilience: Just How Artificial Turf Outlasts Natural Lawn

When it concerns the long life and sturdiness of lawn, synthetic grass plainly outperforms its all-natural counterpart. This is specifically apparent in a city like Las Vegas, where the rough desert climate can damage natural yards. In comparison, artificial turf continues to be vibrant and lavish all the time, irrespective of weather conditions. This essay seeks to highlight how synthetic grass lasts longer than all-natural lawn, therefore making it one of the top advantages of using artificial turf in Las Vegas.

All-natural turf calls for a great deal of maintenance to keep it looking fresh and environment-friendly. It requires normal watering, mowing, fertilizing, and re-seeding. Despite all this care, it can still succumb to diseases, bugs, and the scorching Las Vegas warmth. The longevity of natural turf is commonly jeopardized by these factors, bring about a damaged and irregular yard that is neither attractive neither practical.

On the other hand, synthetic grass, also called artificial turf, supplies superior longevity and durability. It is made from high-grade, sturdy products that can stand up to hefty foot web traffic, intense warmth, and various other harsh problems. This means that it remains undamaged and lively for several years, requiring little to no upkeep. As a matter of fact, many synthetic grass is made to last for over a years, which is significantly longer than what can be expected from all-natural grass.

Another crucial aspect that adds to the longevity of synthetic grass is its resistance to bugs and illness. Unlike natural turf, synthetic grass does not give an environment for bugs, neither does it struggle with usual lawn conditions. This eliminates the demand for pesticides and fungicides, reducing both maintenance expenses and ecological impact.

Additionally, artificial turf does not need watering to remain environment-friendly. This is a substantial benefit in a desert city like Las Las vega, where water is a priceless resource. By going with artificial turf, home owners can reduce their water costs and contribute to water preservation initiatives.

Last but not least, synthetic grass can endure the wear and tear of sports and various other leisure tasks better than all-natural turf. It uses a constant having fun surface area that doesn't obtain muddy or create divots, making it suitable for sporting activities fields and playgrounds.

Finally, the long life and sturdiness of artificial turf far go beyond that of all-natural lawn, making it a practical and cost-efficient option for Las Las vega locals. Its immune to severe weather, pests, and diseases, and it doesn't require watering or regular maintenance. Whether for a yard, a sporting activities area, or a public park, synthetic grass guarantees an eco-friendly and lush surface

Las Vegas,^[a] colloquially referred to as **Vegas**, is the most populous city in the U.S. state of Nevada and the county seat of Clark County. The Las Vegas Valley metropolitan area is the largest within the greater Mojave Desert, and second-largest in the Southwestern United States. According to the United States Census Bureau, the city had 641,903 residents in 2020,^[9] with a metropolitan population of 2,227,053,^[10] making it the 24th-most populous city in the United States. Las Vegas is an internationally renowned major resort city, known primarily for its gambling, shopping, fine dining, entertainment, and nightlife. It has most venues centered on downtown Las Vegas and more to the Las Vegas Strip, located outside city limits in the unincorporated towns of Paradise and Winchester. The Las Vegas Valley serves as the leading financial, commercial, and cultural center in Nevada.

Las Vegas was settled in 1905 and officially incorporated in 1911.^[11] At the close of the 20th century, it was the most populated North American city founded within that century (a similar distinction was earned by Chicago in the 19th century). Population growth has accelerated since the 1960s and into the 21st century, and between 1990 and 2000 the population increased by 85.2%.

The city bills itself as the Entertainment Capital of the World, and is famous for its luxurious and large casino-hotels. As of 2023, Las Vegas attracts over 40.8 million visitors annually,^[12] making it one of the most visited cities in the United States and consistently ranking among the world's top tourist destinations.^{[13][14]} It is the third most popular U.S. destination for business conventions^[15] and a global leader in the hospitality industry.^[16] The city's tolerance for numerous forms of adult entertainment has earned it the nickname "Sin City",^[17] and has made it a popular setting for films, literature, television programs, commercials and music videos.

Toponymy

^[edit]

In 1829, Mexican trader and explorer Antonio Armijo led a group consisting of 60 men and 100 mules along the Old Spanish Trail from modern day New Mexico to California. Along

the way, the group stopped in what would become Las Vegas and noted its natural water sources, now referred to as the [Las Vegas Springs](#), which supported extensive vegetation such as grasses and [mesquite trees](#). The springs were a significant natural feature in the valley, with streams that supported a meadow ecosystem. This region served as the winter residence for the [Southern Paiute](#) people, who utilized the area's resources before moving to higher elevations during the summer months. The Spanish "las vegas" or "the meadows" (more precisely, lower land near a river) in English, was applied to describe the fertile lowlands near the springs. Over time, the name began to refer to the populated settlement.^{[18][19][20]}

History

[\[edit\]](#)

Main article: [History of Las Vegas](#)

Southern [Paiutes](#) at [Moapa](#) wearing traditional Paiute basket hats with Paiute cradleboard and rabbit robe

Nomadic [Paleo-Indians](#) traveled to the Las Vegas area 10,000 years ago, leaving behind [petroglyphs](#). Ancient [Puebloan](#) and [Paiute](#) tribes followed at least 2,000 years ago.^[21]

A young [Mexican](#) scout named [Rafael Rivera](#) is credited as the first non-[Native American](#) to encounter the valley, in 1829.^[22] Trader [Antonio Armijo](#) led a 60-man party along the [Spanish Trail](#) to [Los Angeles](#), California, in 1829.^{[23][24]} In 1844, [John C. Frémont](#) arrived, and his writings helped lure pioneers to the area. Downtown Las Vegas's Fremont Street

is named after him.

Eleven years later, members of the Church of Jesus Christ of Latter-day Saints chose Las Vegas as the site to build a fort halfway between Salt Lake City and Los Angeles, where they would travel to gather supplies. The fort was abandoned several years afterward. The remainder of this Old Mormon Fort can still be seen at the intersection of Las Vegas Boulevard and Washington Avenue.

Las Vegas was founded as a city in 1905, when 110 acres (45 ha) of land adjacent to the Union Pacific Railroad tracks were auctioned in what would become the downtown area. In 1911, Las Vegas was incorporated as a city.[25]

Golden Nugget and Pioneer Club along Fremont Street in 1952

The year 1931 was pivotal for Las Vegas. At that time, Nevada legalized casino gambling[26] and reduced residency requirements for divorce to six weeks.[27] This year also witnessed the beginning of construction of the tunnels of nearby Hoover Dam. The influx of construction workers and their families helped Las Vegas avoid economic calamity during the Great Depression. The construction work was completed in 1935.

In late 1941, Las Vegas Army Airfield was established. Renamed Nellis Air Force Base in 1950, it is now home to the United States Air Force Thunderbirds aerobatic team.[28]

Following World War II, lavishly decorated hotels, gambling casinos, and big-name entertainment became synonymous with Las Vegas.

This view of downtown Las Vegas shows a **mushroom cloud** in the background. Scenes such as this were typical during the 1950s. From 1951 to 1962, the government conducted 100 atmospheric tests at the nearby **Nevada Test Site**.^[29]

In 1951, **nuclear weapons testing** began at the **Nevada Test Site**, 65 miles (105 km) northwest of Las Vegas. During this time, the city was nicknamed the "**Atomic City**." Residents and visitors were able to witness the mushroom clouds (and were exposed to the fallout) until 1963 when the **Partial Nuclear Test Ban Treaty** required that nuclear tests be moved underground.^[29]

In 1955, the **Moulin Rouge Hotel** opened and became the first racially integrated casino-hotel in Las Vegas.

Fremont Street in the late 1960s

During the 1960s, corporations and business tycoons such as **Howard Hughes** were building and buying hotel-casino properties. Gambling was referred to as "gaming," which transitioned it into a legitimate business. **Learning from Las Vegas**, published during this era, asked architects to take inspiration from the city's highly decorated buildings, helping to start the **postmodern architecture** movement.

In 1995, the **Fremont Street Experience** opened in Las Vegas's downtown area. This canopied five-block area features 12.5 million LED lights and 550,000 watts of sound from dusk until midnight during shows held at the top of each hour.

Due to the realization of many revitalization efforts, 2012 was dubbed "The Year of Downtown." Projects worth hundreds of millions of dollars made their debut at this time, including the **Smith Center for the Performing Arts**, the **Discovery Children's Museum**, the **Mob Museum**, the **Neon Museum**, a new **City Hall** complex, and renovations for a new **Zappos.com** corporate headquarters in the **old City Hall** building.^{[30][31]}

Geography

[[edit](#)]

Astronaut photograph of Las Vegas at night

[Downtown Las Vegas](#) with [Red Rock Canyon](#) in the background

Las Vegas is situated in a [basin](#) on the floor of the [Mojave Desert](#),^[32] and is surrounded by mountain ranges. Much of the landscape is rocky and arid, with desert vegetation and wildlife. It can be subjected to torrential flash floods, although much has been done to mitigate the effects of flash floods through improved drainage systems.^[33]

The city's elevation is approximately 2,030 ft (620 m) above sea level, though the surrounding peaks reach elevations of over 10,000 feet (3,000 m) and act as barriers to the strong flow of moisture from the surrounding area. According to the [United States Census Bureau](#), the city has an area of 135.86 sq mi (351.9 km²), of which 135.81 sq mi (351.7 km²) is land and 0.05 sq mi (0.13 km²) (0.03%) is water.

After Alaska and California, Nevada is the third most seismically active state in the U.S. It has been estimated by the United States Geological Survey (USGS) that over the next 50 years, there is a 10–20% chance of an M6.0 or greater earthquake occurring within 50 km (31 mi) of Las Vegas.^[34]

Within the city are many lawns, trees, and other greenery. Due to water resource issues, there has been a movement to encourage [xeriscapes](#). Another part of conservation

efforts is scheduled watering days for residential landscaping. A [U.S. Environmental Protection Agency](#) grant in 2008 funded a program that analyzed and forecast growth and environmental effects through 2019.[\[35\]](#)

Climate

[\[edit\]](#)

Desert scene at the [Red Rock Canyon National Conservation Area](#) in the Las Vegas area

Spring flowers at the [Red Rock Canyon National Conservation Area](#) in the Las Vegas area

Las Vegas has a [subtropical hot desert climate](#) ([Köppen climate classification](#): *BWh*, [Trewartha climate classification](#) *BWhk*), typical of the [Mojave Desert](#) in which it lies. This climate is typified by long, extremely hot summers; warm transitional seasons; and short winters with mild days and cool nights. There is abundant sunshine throughout the year, with an average of 310 sunny days and bright sunshine during 86% of all daylight hours.[\[36\]](#)[\[37\]](#) Rainfall is scarce, with an average of 4.2 in (110 mm) dispersed between roughly 26 total rainy days per year.[\[38\]](#) Las Vegas is among the sunniest, driest, and least humid locations in North America, with exceptionally low dew points and humidity that

sometimes remains below 10%.[\[39\]](#)

The summer months of June through September are extremely hot, though moderated by the low humidity levels. July is the hottest month, with an average daytime high of 104.5 °F (40.3 °C). On average, 137 days per year reach or exceed 90 °F (32 °C), of which 78 days reach 100 °F (38 °C) and 10 days reach 110 °F (43 °C). During the peak intensity of summer, overnight lows frequently remain above 80 °F (27 °C), and occasionally above 85 °F (29 °C).[\[36\]](#)

While most summer days are consistently hot, dry, and cloudless, the **North American Monsoon** sporadically interrupts this pattern and brings more cloud cover, thunderstorms, lightning, increased humidity, and brief spells of heavy rain. Potential monsoons affect Las Vegas between July and August. Summer in Las Vegas is marked by significant **diurnal temperature variation**. While less extreme than other parts of the state, nighttime lows in Las Vegas are often 30 °F (16.7 °C) or more lower than daytime highs.[\[40\]](#)] The average hottest night of the year is 90 °F (32 °C). The all-time record is at 95 °F (35 °C).[\[36\]](#)

Las Vegas winters are relatively short, with typically mild daytime temperatures and chilly nights. Sunshine is abundant in all seasons. December is both the year's coolest and cloudiest month, with an average daytime high of 56.9 °F (13.8 °C) and sunshine occurring during 78% of its daylight hours. Winter evenings are defined by clear skies and swift drops in temperature after sunset, with overnight minima averaging around 40 °F (4.4 °C) in December and January. Owing to its elevation that ranges from 2,000 to 3,000 feet (610 to 910 m), Las Vegas experiences markedly cooler winters than other areas of the **Mojave Desert** and the adjacent **Sonoran Desert** that are closer to sea level. The city records freezing temperatures an average of 10 nights per winter. It is exceptionally rare for temperatures to reach or fall below 25 °F (−4 °C).[\[36\]](#)

Climate chart for Las Vegas

Most of the annual precipitation falls during the winter. February, the wettest month, averages only four days of measurable rain. The mountains immediately surrounding the Las Vegas Valley accumulate snow every winter, but significant accumulation within the city is rare, although moderate accumulations occur every few years. The most recent accumulations occurred on February 18, 2019, when parts of the city received about 1 to 2 inches (2.5 to 5.1 cm) of snow[41] and on February 20 when the city received almost 0.5 inches (1.3 cm).[42] Other recent significant snow accumulations occurred on December 25, 2015, and December 17, 2008.[43] Unofficially, Las Vegas's largest snowfall on record was the 12 inches (30 cm) that fell in 1909.[44] In recent times, ice days have not occurred, although 29 °F (−2 °C) was measured in 1963.[36] On average the coldest day is 44 °F (7 °C).[36]

The highest temperature officially observed for Las Vegas is 120 °F (48.9 °C), as measured at Harry Reid International Airport on July 7, 2024.[36][45] The lowest temperature was 8 °F (−13 °C), recorded on two days: January 25, 1937, and January 13, 1963.[36] The official record hot daily minimum is 95 °F (35 °C) on July 19, 2005, and July 1, 2013. The official record cold daily maximum is 28 °F (−2 °C) on January 8 and 21, 1937.[36] July 2024 was the hottest month ever recorded in Las Vegas, with its highest recorded mean daily average temperature over the month of 99.9 °F (38 °C), its highest recorded mean daily maximum temperature of 111.5 °F (44 °C), and its highest recorded mean nightly minimum temperature of 88.3 °F (31 °C).[46]

Due to concerns about climate change in the wake of a 2002 drought, daily water consumption has been reduced from 314 US gallons (1,190 L) per resident in 2003 to around 205 US gallons (780 L) in 2015.[47]

2020 census

[edit]

According to the [2020 United States census](#), the city of Las Vegas had 644,883 people living in 244,429 [households](#). The racial composition of the City of Las Vegas was 49.2% [white](#), 11.9% [black](#), 1.1% [American Indian or Alaska Native](#), 6.9% Asian, [Hispanic or Latino](#) residents of any race were 34.1% and 16.2% from [two or more races](#). 40.8% were [non-Hispanic white](#).^[53]

Approximately 5.8% of residents are under the age of five, 22.8% under the age of eighteen and 15.6% over 65 years old. Females are 50.0% of the total population.^[53]

Map of racial distribution in the Las Vegas area, 2020 U.S. Census. Each dot is 25 people: ? White

? Black

? Asian

? Hispanic

? Native American

? Mixed or Other

From 2019 to 2023, Las Vegas had approximately 244,429 **households**, with an average of 2.63 persons per household. About 55.7% of housing units were owner-occupied, and the median value of owner-occupied housing was \$395,300. Median gross rent during this period was \$1,456 per month (in 2023 dollars).[53]

The median **household income** in Las Vegas from 2019 to 2023 was \$70,723, while the **per capita** income was \$38,421 (in 2023 dollars). Approximately 14.2% of the population lived below the poverty line during the same period.[53]

Residents over 25 years old with a **high school diploma** were 85.8% of the population with 27.3% having attained a **bachelor's degree or higher**. [53]

About 33.0% of residents aged 5 and older speak a language other than English at home. 20.9% of residents are foreign-born.[53]

The mean travel time to work for residents aged 16 and older was approximately 25.8 minutes between 2019 and 2023. The vast majority of households in Las Vegas are **digitally connected**, with 95.6% having a computer and 89.1% subscribing to **broadband internet** services .

Filipinos make up the largest Asian population in Las Vegas. 31,931 Filipinos live within the city limits, making up 4.8% of the population.[54] In the Las Vegas area as a whole, there are 162,802 Filipinos, making up 7% of the population.[55] Native Hawaiians are also a major demographic in the city, numbering 20,829 in the city and surrounding suburbs.[56]

] with some Hawaiians and Las Vegas residents calling the city the "ninth island of [Hawaii](#)" due to the major influx of Hawaiians to Vegas.[\[57\]](#)

According to a 2004 study, Las Vegas has one of the highest divorce rates.[\[58\]](#)[\[59\]](#) The city's high divorce rate is not wholly due to Las Vegans themselves getting divorced. Compared to other states, Nevada's nonrestrictive requirements for divorce result in many couples temporarily moving to Las Vegas in order to get divorced.[\[60\]](#) Similarly, Nevada marriage requirements are equally lax resulting in one of the highest marriage rates of U.S. cities, with many licenses issued to people from outside the area (see [Las Vegas weddings](#)).[\[60\]](#)

2010 census

[\[edit\]](#)

According to the [2010 Census](#), the city of Las Vegas had a population of 583,756. The city's racial composition had shifted slightly, with 47.91% of the population identifying as White alone (non-Hispanic), 10.63% as Black or African American alone (non-Hispanic), 0.41% as Native American or Alaska Native alone (non-Hispanic), 5.93% as Asian alone (non-Hispanic), 0.53% as Pacific Islander alone (non-Hispanic), 0.19% as Other Race alone (non-Hispanic), and 2.91% as Mixed race or Multiracial (non-Hispanic). Hispanic or Latino individuals of any race represented 31.50% of the population.[\[51\]](#)

2000 census

[\[edit\]](#)

According to the [2000 census](#), Las Vegas had a population of 474,434 people. The racial makeup of the city was 58.52% White alone (non-Hispanic), 10.19% Black or African American alone (non-Hispanic), 0.51% Native American or Alaska Native alone (non-Hispanic), 4.72% Asian alone (non-Hispanic), 0.41% Pacific Islander alone (non-Hispanic), 0.14% Other Race alone (non-Hispanic), and 2.52% Mixed race or Multiracial (non-Hispanic). Hispanic or Latino individuals of any race made up 23.81% of the population.[\[50\]](#)

Historical racial profile	2020[61]	2010[62]	2000[63]	1990[64]	1970[64]
White	46.0%	62.1%	69.9%	78.4%	87.6%
—Non-Hispanic Whites	40.4%	47.9%	58.0%	72.1%	83.1%[c]
Black or African American	12.9%	11.1%	10.4%	11.4%	11.2%
Hispanic or Latino (of any race)	33.3%	31.5%	23.6%	12.5%	4.6%[c]
Asian	7.2%	6.1%	4.8%	3.6%	0.7%

Economy

[edit]

The primary drivers of the Las Vegas economy are tourism, gaming, and conventions, which in turn feed the retail and restaurant industries.

Tourism

[edit]

The Golden Nugget Las Vegas

The Las Vegas Strip, primarily located in Paradise

A view of the [Las Vegas Valley](#) looking north from the [Stratosphere Tower](#)

The major attractions in Las Vegas are the casinos and the hotels, although in recent years other new attractions have begun to emerge.

Most casinos in the downtown area are on [Fremont Street](#), with [The STRAT Hotel, Casino & Skypod](#) as one of the few exceptions. [Fremont East](#), adjacent to the Fremont Street Experience, was granted variances to allow bars to be closer together, similar to the [Gaslamp Quarter](#) of San Diego, the goal being to attract a different demographic than the Strip attracts.

Downtown casinos

[[edit](#)]

Main article: [Downtown \(Nevada gaming area\)](#)

The [Golden Gate Hotel and Casino](#), downtown along the Fremont Street Experience, is the oldest continuously operating hotel and casino in Las Vegas; it opened in 1906 as the Hotel Nevada.

In 1931, the [Northern Club](#) (now the [La Bayou](#)) opened.^{[65][66]} The most notable of the early casinos may have been [Binion's Horseshoe](#) (now [Binion's Gambling Hall and Hotel](#)) while it was run by [Benny Binion](#).

[Boyd Gaming](#) has a major presence downtown operating the [California Hotel & Casino](#), the [Fremont Hotel & Casino](#), and the [Main Street Casino](#). The [Four Queens](#) also operates downtown along the Fremont Street Experience.

Downtown casinos that have undergone major renovations and revitalization in recent years include the [Golden Nugget Las Vegas](#), [The D Las Vegas](#) (formerly Fitzgerald's), the [Downtown Grand Las Vegas](#) (formerly Lady Luck), the [El Cortez Hotel & Casino](#), and the [Plaza Hotel & Casino](#).^[67]

In 2020, [Circa Resort & Casino](#) opened, becoming the first all-new hotel-casino to be built on Fremont Street since 1980.^[68]

Las Vegas Strip

[\[edit\]](#)

Main article: [Las Vegas Strip](#)

The center of the gambling and entertainment industry is the [Las Vegas Strip](#), outside the city limits in the surrounding unincorporated communities of [Paradise](#) and [Winchester](#) in Clark County. Some of the largest casinos and buildings are there.^[69]

Welcome signs

[\[edit\]](#)

The original Welcome to Fabulous Las Vegas sign

Gateway Arches

In 1929, the city installed a welcome arch over [Fremont Street](#), at the corner of Main Street.^{[70][71][72]} It remained in place until 1931.^{[73][74]}

In 1959, the 25-foot-tall (7.6 m) [Welcome to Fabulous Las Vegas sign](#) was installed at the south end of the [Las Vegas Strip](#). A replica welcome sign, standing nearly 16 feet (4.9 m) tall, was installed within city limits in 2002, at [Las Vegas Boulevard](#) and Fourth Street.^{[75][76][77]} The replica was destroyed in 2016, when a pickup truck crashed into it.^[78]

In 2018, the city approved plans for a new gateway landmark in the form of neon arches. It was built within city limits, in front of the [Strat](#) resort and north of [Sahara Avenue](#).^[79] The project, built by [YESCO](#), cost \$6.5 million and stands 80 feet (24 m) high.^[80] Officially known as the Gateway Arches, the project was completed in 2020. The steel arches are blue during the day, and light up in a variety of colors at night.^[81]

Also located just north of the Strat are a pair of giant neon showgirls, initially added in 2018 as part of a \$400,000 welcome display. The original showgirls were 25 feet (7.6 m) tall, but were replaced by new ones in 2022, rising 50 feet (15 m).^{[82][83]} The originals were refurbished following weather damage and installed at the [Las Vegas Arts District](#).^{[83][84]}

Development

[\[edit\]](#)

See also: [List of tallest buildings in Las Vegas](#)

When [The Mirage](#) opened in 1989, it started a trend of major resort development on the Las Vegas Strip outside of the city. This resulted in a drop in tourism in the downtown area, but many recent projects have increased the number of visitors to downtown.

An effort has been made by city officials to diversify the economy by attracting health-related, high-tech and other commercial interests. No state tax for individuals or corporations, as well as a lack of other forms of business-related taxes, have aided the success of these efforts.^[85]

The Fremont Street Experience was built in an effort to draw tourists back to the area and has been popular since its startup in 1995.

The city conducted a land-swap deal in 2000 with [Lehman Brothers](#), acquiring 61 acres (25 ha) of property near downtown Las Vegas in exchange for 91 acres (37 ha) of the Las Vegas Technology Center.^[86] In 2004, Las Vegas Mayor [Oscar Goodman](#) announced that the area would become home to [Symphony Park](#) (originally called "Union Park"^[87]), a mixed-use development. The development is home to the [Cleveland Clinic Lou Ruvo Center for Brain Health](#), [The Smith Center for the Performing Arts](#), the [Discovery Children's Museum](#), the Las Vegas [Chamber of Commerce](#), and four residential projects totaling 600 residential units as of 2024.^[88]

World Market Center Building A

In 2005, the [World Market Center](#) opened, consisting of three large buildings taking up 5,400,000 square feet (500,000 m²). Trade shows for the furniture and furnishing industries are held there semiannually.^[89]

Also nearby is the Las Vegas North Premium Outlets. With a second expansion, completed in May 2015, the mall currently offers 175 stores.^[90]

City offices moved to a new [Las Vegas City Hall](#) in February 2013 on downtown's Main Street. The former city hall building is now occupied by the corporate headquarters for the online retailer [Zappos.com](#), which opened downtown in 2013. Zappos CEO [Tony Hsieh](#) took an interest in the urban area and contributed \$350 million toward a revitalization effort called the Downtown Project.^{[91][92]} Projects funded include Las Vegas's first independent bookstore, [The Writer's Block](#).^[93]

Other industries

[\[edit\]](#)

A number of new industries have moved to Las Vegas in recent decades. [Zappos.com](#) (now an [Amazon](#) subsidiary) was founded in San Francisco but by 2013 had moved its headquarters to downtown Las Vegas. [Allegiant Air](#), a low-cost air carrier, launched in 1997 with its first hub at [Harry Reid International Airport](#) and headquarters in nearby Summerlin.

[Planet 13 Holdings](#), a cannabis company, opened the world's largest [cannabis dispensary](#) in Las Vegas at 112,000 sq ft (10,400 m²).^{[94][95]}

Effects of growth on water supply

[\[edit\]](#)

A growing population means the Las Vegas Valley used 1.2 billion US gal (4.5 billion L) more water in 2014 than in 2011. Although water conservation efforts implemented in the

wake of a 2002 drought have had some success, local [water consumption](#) remains 30 percent greater than in Los Angeles, and over three times that of San Francisco metropolitan area residents. The [Southern Nevada Water Authority](#) is building a \$1.4 billion tunnel and pumping station to bring water from [Lake Mead](#), has purchased water rights throughout Nevada, and has planned a controversial \$3.2 billion [pipeline](#) across half the state. By law, the Las Vegas Water Service District "may deny any request for a water commitment or request for a water connection if the District has an inadequate supply of water." But limiting growth on the basis of an inadequate water supply has been unpopular with the casino and building industries.^[47]

Culture

[\[edit\]](#)

Main article: [Las Vegas Valley § Culture and the arts](#)

See also: [List of Las Vegas landmarks](#)

"Las Vegas culture" redirects here. For the ancient Ecuadorian civilization, see [Las Vegas culture \(archaeology\)](#).

The [Smith Center for the Performing Arts](#) & Discovery Museum

[Symphony Park](#) in [Downtown Las Vegas](#)

The city is home to several museums, including the [Neon Museum](#) (the location for many of the historical signs from Las Vegas's mid-20th century heyday), The [Mob Museum](#), the [Las Vegas Natural History Museum](#), the Discovery Children's Museum, the Nevada State Museum and the Old Las Vegas Mormon Fort State Historic Park.

The city is home to an extensive [Downtown Arts District](#), which hosts numerous galleries and events including the annual Las Vegas Film Festival. "First Friday" is a monthly celebration that includes arts, music, special presentations and food in a section of the city's downtown region called 18b, The Las Vegas Arts District.^[96] The festival extends into the Fremont East Entertainment District.^[97] The Thursday evening before First Friday is known in the arts district as "Preview Thursday," which highlights new gallery exhibitions throughout the district.^[98]

The [Las Vegas Academy of International Studies, Performing and Visual Arts](#) is a Grammy award-winning magnet school located in downtown Las Vegas. The [Smith Center for the Performing Arts](#) is downtown in [Symphony Park](#) and hosts various Broadway shows and other artistic performances.

Las Vegas has earned the moniker "Gambling Capital of the World," as it has the world's most land-based casinos.^[99] The city is also host to more [AAA Five Diamond](#) hotels than any other city in the world.^[100]

Sports

[\[edit\]](#)

Main article: [Sports in the Las Vegas metropolitan area](#)

See also: [Nevada § Sports](#)

[Allegiant Stadium](#) is the home of the [Las Vegas Raiders](#) NFL football team.

The Las Vegas Valley is the home of three major professional teams: the [National Hockey League](#) (NHL)'s [Vegas Golden Knights](#), an expansion team that began play in the 2017–18 NHL season at [T-Mobile Arena](#) in nearby [Paradise](#),^[101] the [National Football League](#) (NFL)'s [Las Vegas Raiders](#), who relocated from [Oakland, California](#), in 2020 and play at [Allegiant Stadium](#) in [Paradise](#),^[102] and the [Women's National Basketball Association](#) (WNBA)'s [Las Vegas Aces](#), who play at the [Mandalay Bay Events Center](#). The [Oakland Athletics](#) of [Major League Baseball](#) (MLB) will move to Las Vegas by 2028.^[103]^[104]

Two minor league sports teams play in the Las Vegas area. The Las Vegas Aviators of the Pacific Coast League, the Triple-A farm club of the Athletics, play at Las Vegas Ballpark in nearby Summerlin.[105] The Las Vegas Lights FC of the United Soccer League play in Cashman Field in Downtown Las Vegas.[106][107]

The mixed martial arts promotion, Ultimate Fighting Championship (UFC), is headquartered in Las Vegas and also frequently holds fights in the city at T-Mobile Arena and at the UFC Apex training facility near the headquarters.[108]

North of Las Vegas is the Las Vegas Motor Speedway, a 1.5 mile tri-oval constructed in 1972 that hosts two NASCAR Cup Series races each year, one in the spring and a playoff race in the fall.[109]

Parks and recreation

[[edit](#)]

Spanish Trail Country Club, a 27-hole golf course

The city's parks and recreation department operates 78 regional, community, neighborhood, and pocket parks; four municipal swimming pools, 11 recreational centers, four active adult centers, eight cultural centers, six galleries, eleven dog parks, and four golf courses: Angel Park Golf Club, Desert Pines Golf Club, Durango Hills Golf Club, and the Las Vegas Municipal Golf Course.^[110]

It is also responsible for 123 playgrounds, 23 softball fields, 10 football fields, 44 soccer fields, 10 dog parks, six community centers, four senior centers, 109 skate parks, and six swimming pools.^[111]

Government

[[edit](#)]

[Las Vegas City Hall](#) in downtown Las Vegas

The city of Las Vegas has a [council–manager government](#).^[112] The mayor sits as a council member–at–large and presides over all [city council](#) meetings.^[112] If the mayor cannot preside over a city council meeting, then the Mayor [pro tempore](#) is the [presiding officer](#)

of the meeting until the Mayor returns to his/her seat.^[113] The city manager is responsible for the administration and the day-to-day operations of all **municipal services** and city departments.^[114] The city manager maintains intergovernmental relationships with federal, state, county and other local governments.^[114]

Out of the 2,265,461 people in Clark County as of the 2020 Census, approximately 1,030,000 people live in **unincorporated Clark County**, and around 650,000 live in incorporated cities such as **North Las Vegas**, **Henderson** and **Boulder City**.^[115] Las Vegas and Clark County share a police department, the **Las Vegas Metropolitan Police Department**, which was formed after a 1973 merger of the **Las Vegas Police Department** and the **Clark County Sheriff's Department**.^[116] North Las Vegas, Henderson, Boulder City, Mesquite, UNLV and CCSD have their own police departments.^[117]

The **federally-recognized Las Vegas Tribe of Paiute Indians** (**Southern Paiute: Nuvagantucimi**) occupies a 31-acre (130,000 m²) **reservation** just north downtown between **Interstate-15** and Main Street.^[118]^[119]^[120]

Downtown is the location of **Lloyd D. George Federal District Courthouse**^[121] and the Regional Justice Center,^[122] draws numerous companies providing bail, marriage, divorce, tax, **incorporation** and other legal services.

Las Vegas City Presidential Election Results

Las Vegas City Presidential Election Results[129]

Main article: Las Vegas Valley § Education

Year	Democratic	Republican	Third Parties
2024	51.4% 149,647	46.8% 136,073	1.8% 5,299
2020	54.3% 150,733	43.7% 121,302	2.1% 5,763
2016	52.9% 121,107	41.2% 94,392	5.9% 13,544
2012	57.7% 119,156	42.3% 87,227	0% 0
2008	58.8% 118,827	39.2% 79,207	1.89% 22,436

Primary and secondary public education is provided by the Clark County School District.[130]

Public higher education

[edit]

Public higher education is provided by the Nevada System of Higher Education (NSHE). Public institutions serving Las Vegas include the University of Nevada, Las Vegas (UNLV), the College of Southern Nevada (CSN), Nevada State University (NSU), and the Desert Research Institute (DRI).[131]

UNLV is a public, land–grant, R1 research university and is home to the Kirk Kerkorian School of Medicine[132] and the William S. Boyd School of Law, the only law school in Nevada.[133] The university's campus is urban and located about two miles east of the Las Vegas strip. The Desert Research Institute's southern campus sits next to UNLV, while its northern campus is in Reno.[134]

CSN, with campuses throughout Clark County,[135] is a [community college](#) with one of the largest enrollments in the United States.[136] In unincorporated Clark County, CSN's Charleston campus is home to the headquarters of [Nevada Public Radio](#) (KNPR), an [NPR](#) member station.[137][138]

Private higher education

[\[edit\]](#)

[Touro University Nevada](#) located in [Henderson](#) is a non-profit, private institution primarily focusing on medical education.[139] Other institutions include a number of [for-profit](#) private schools (e.g., [Le Cordon Bleu College of Culinary Arts](#), [DeVry University](#), among others).[140]

Media

[\[edit\]](#)

Newspapers

[\[edit\]](#)

Las Vegas *Review-Journal* sign

- [Las Vegas Review-Journal](#), the area's largest daily newspaper, is published every morning. It was formed in 1909 but has roots back to 1905. It is the largest newspaper in Nevada and is ranked as one of the top 25 newspapers in the United States by

circulation. In 2000, the *Review-Journal* installed the largest newspaper printing press in the world. It cost \$40 million, weighs 910 tons and consists of 16 towers.[141] Until his death in January 2021, the newspaper was owned by casino magnate **Sheldon Adelson**, who purchased it for \$140 million in December 2015. In 2018, the *Review-Journal* received the **Sigma Delta Chi Award** from the **Society of Professional Journalists** for reporting the **Oct 1 mass shooting** on the Las Vegas Strip. In 2018 and 2022, *Editor and Publisher* magazine named the *Review-Journal* as one of 10 newspapers in the United States "doing it right." [142][143]

- **Las Vegas Sun**, based in neighboring **Henderson**, is a daily newspaper. Although independently published, the print edition is distributed as a section inside the *Review-Journal*. The *Sun* is owned by the Greenspun family and is part of the **Greenspun Media Group**. It was founded independently in 1950 and in 1989 entered into a **Joint Operating Agreement** with the *Review-Journal*, which runs through 2040. The *Sun* has been described as "politically liberal." [144] In 2009, the *Sun* was awarded a **Pulitzer Prize for Public Service** for coverage of the high death rate of construction workers on the Las Vegas Strip amid lax enforcement of regulations. [145][146]
- **Las Vegas Weekly**, based in neighboring Henderson, is a free **alternative weekly** newspaper. It covers Las Vegas arts, entertainment, culture and news. *Las Vegas Weekly* was founded in 1992 and is published by the Greenspun Media Group.

Broadcast

[edit]

Las Vegas is served by 10 full power television stations and 46 radio stations. The area is also served by two NOAA Weather Radio transmitters (162.55 MHz located in Boulder City and 162.40 MHz located on **Potosi Mountain**).

- **Radio stations in Las Vegas**
- **Television stations in Las Vegas**

Magazines

[[edit](#)]

- *Desert Companion*
- *Las Vegas Weekly*
- *Luxury Las Vegas*

Transportation

[[edit](#)]

Main article: [Transportation in Las Vegas](#)

Regional Transportation Commission (RTC) provides public bus transportation.

[Harry Reid International Airport](#) provides private and public aviation services to the city.

Inside Terminal 3 at Harry Reid International Airport in Paradise

[RTC Transit](#) is a public transportation system providing bus service throughout Las Vegas, Henderson, North Las Vegas and other areas of the valley. Inter-city bus service to and

from Las Vegas is provided by Greyhound, BoltBus, Orange Belt Stages, Tufesa, and several smaller carriers.[147]

Amtrak trains have not served Las Vegas since the service via the *Desert Wind* at Las Vegas station ceased in 1997, but Amtrak California operates Amtrak Thruway dedicated service between the city and its passenger rail stations in Bakersfield, California, as well as Los Angeles Union Station via Barstow.[148]

High-speed rail project Brightline West began construction in 2024 to connect Brightline's Las Vegas station and the Rancho Cucamonga station in Greater Los Angeles.[149]

The Las Vegas Monorail on the Strip was privately built, and upon bankruptcy taken over by the Las Vegas Convention and Visitors Authority.[150]

Silver Rider Transit operates three routes within Las Vegas, offering connections to Laughlin,[151] Mesquite,[152] and Sandy Valley.[153]

The Union Pacific Railroad is the only Class I railroad providing rail freight service to the city. Until 1997, the Amtrak *Desert Wind* train service ran through Las Vegas using the Union Pacific Railroad tracks.

In March 2010, the RTC launched bus rapid transit link in Las Vegas called the *Strip & Downtown Express* with limited stops and frequent service that connects downtown Las Vegas, the Strip and the Las Vegas Convention Center. Shortly after the launch, the RTC dropped the ACE name.[154]

In 2016, 77.1 percent of working Las Vegas residents (those living in the city, but not necessarily working in the city) commuted by driving alone. About 11 percent commuted via carpool, 3.9 percent used public transportation, and 1.4 percent walked. About 2.3 percent of Las Vegas commuters used all other forms of transportation, including taxi, bicycle, and motorcycle. About 4.3% of working Las Vegas residents worked at home.[155] In 2015, 10.2 percent of city of Las Vegas households were without a car, which increased slightly to 10.5 percent in 2016. The national average was 8.7 percent in 2016. Las Vegas averaged 1.63 cars per household in 2016, compared to a national average of 1.8 per household.

With some exceptions, including Las Vegas Boulevard, Boulder Highway (SR 582) and Rancho Drive (SR 599), the majority of surface streets in Las Vegas are laid out in a grid

along **Public Land Survey System section lines**. Many are maintained by the **Nevada Department of Transportation** as **state highways**. The street numbering system is divided by the following streets:

- Westcliff Drive, **US 95 Expressway**, **Fremont Street** and **Charleston Boulevard** divide the north–south block numbers from west to east.
- **Las Vegas Boulevard** divides the east–west streets from the **Las Vegas Strip** to near the Stratosphere, then Main Street becomes the dividing line from the Stratosphere to the North Las Vegas border, after which the Goldfield Street alignment divides east and west.
- On the east side of Las Vegas, block numbers between **Charleston Boulevard** and Washington Avenue are different along Nellis Boulevard, which is the eastern border of the city limits.

Interstates 15, 11, and US 95 lead out of the city in four directions. Two major freeways – **Interstate 15** and **Interstate 11/U.S. Route 95** – cross in downtown Las Vegas. I-15 connects Las Vegas to Los Angeles, and heads northeast to and beyond Salt Lake City. I-11 goes northwest to the **Las Vegas Paiute Indian Reservation** and southeast to **Henderson** and to the **Mike O'Callaghan–Pat Tillman Memorial Bridge**, where from this point I-11 will eventually continue along **US 93** towards **Phoenix, Arizona**. US 95 (and eventually I-11) connects the city to northwestern Nevada, including **Carson City** and **Reno**. US 93 splits from I-15 northeast of Las Vegas and goes north through the eastern part of the state, serving **Ely** and **Wells**. US 95 heads south from US 93 near Henderson through far eastern California. A **partial beltway** has been built, consisting of **Interstate 215** on the south and **Clark County 215** on the west and north. Other radial routes include **Blue Diamond Road (SR 160)** to **Pahrump** and **Lake Mead Boulevard (SR 147)** to **Lake Mead**.

East–west roads, north to south^[156]

- **Ann Road**
 not found or type unknown
-  **Craig Road (SR 573)**
 not found or type unknown
-  **Cheyenne Avenue (SR 574)**
- **Smoke Ranch Road**
 not found or type unknown
-  **Washington Avenue (SR 578)**
 not found or type unknown
-  **Summerlin Parkway (SR 613)**
 not found or type unknown
-  **Bonanza Road (SR 579)**
 not found or type unknown
-  **Charleston Boulevard (SR 159)**

-  **Sahara Avenue** (SR 589)

North–south roads, west to east

- Fort Apache Road
- **Durango Drive**
- **Buffalo Drive**
-  **Rainbow Boulevard** (SR 595)
-  **Jones Boulevard** (SR 596)
- **Decatur Boulevard**
- **Valley View Boulevard**
-  **Rancho Drive**
- **Maryland Parkway**
-  **Eastern Avenue** (SR 607)
- **Pecos Road**
-  **Lamb Boulevard** (SR 610)
-  **Nellis Boulevard** (SR 612)

Harry Reid International Airport handles international and domestic flights into the Las Vegas Valley. The airport also serves private aircraft and freight/cargo flights. Most general aviation traffic uses the smaller **North Las Vegas Airport** and **Henderson Executive Airport**.

About Poly-Turf

Poly-Turf was a brand of [artificial turf](#) in the early 1970s, manufactured by American Biltrite of [Wellesley, Massachusetts](#). It was the first specifically designed for [American football](#), with a patented layered structure which included a "shock pad" between the [artificial grass](#) and the asphalt sub-surface.^[1] It used [polypropylene](#) for its artificial grass blades, rather than the [nylon](#) used in [AstroTurf](#) and [3M's Tartan Turf](#).^{[2][3][4]}

History in Miami

[[edit](#)]

In the late 1960s, the natural grass surface at the [Orange Bowl](#) in [Miami](#) was constantly in poor condition,^[5] primarily due to heavy usage; 34 games were scheduled there during the 1968 football season.^[6]

Poly-Turf was installed at the city-owned stadium in 1970,^[7] and utilized for six seasons. The stadium was used for both [college](#) and [professional](#) football, primarily by the [University of Miami Hurricanes](#) and the [Miami Dolphins](#) of the [NFL](#). It also hosted the eponymous New Year's Day college [bowl game](#), [Super Bowl](#) games, and [high school football](#).

The [University of Nebraska Cornhuskers](#) won the first three Orange Bowl games played on Poly-Turf, which included two national championships. The first Super Bowl played on artificial turf was played on Poly-Turf in the Orange Bowl in January 1971, when the [Baltimore Colts](#) defeated the [Dallas Cowboys](#) 16–13 in [Super Bowl V](#). The next Super Bowl at the stadium was the final game played on Poly-Turf in Miami; [Super Bowl X](#) in January 1976.^[8] Its flaws received additional media exposure the week prior to the game,^[9] and Dolphins receiver [Nat Moore](#) documented them in a local article.^[10]

The longer polypropylene blades of Poly-Turf tended to mat down^{[11][12]} and become very slick under hot & sunny conditions.^{[13][14][15]} Other NFL owners were skeptical of the brand before the first regular season games were played in 1970.^[7] The field was replaced after two seasons,^{[16][17]} before the Dolphins' 1972 undefeated season.^[18] It was replaced by another Poly-Turf surface. While it had similar problems,^{[19][20]} it lasted longer than the first installation, and was used for four years. Over just six years, both installations deteriorated rapidly and some football players suffered an increasing number of leg and ankle injuries; some players claimed to trip over seams. Prior to the second installation in 1972, the city did not consult with the Dolphins about the replacement; Dolphins' head coach [Don Shula](#) preferred a different brand, either AstroTurf or Tartan Turf.^[21] The field discolored from green to blue due to the severe [UV](#) nature of the Miami sun.^{[14][22]}

Return to natural grass

[[edit](#)]

The city removed the Poly-Turf in 1976 and re-installed natural grass, a special type known as Prescription Athletic Turf (PAT),^{[23][24][25]} which remained until the stadium's closure in early 2008. As late as December 1975, the city had planned to retain the Poly-Turf for the 1976 season,^[23] but that decision was changed a few weeks later, prior to the Super Bowl.^{[8][26][27]}

The Orange Bowl became the first major football venue to replace its artificial turf with natural grass, and it was the third NFL stadium to install Prescription Athletic Turf; Denver's [Mile High Stadium](#) and Washington's [RFK Stadium](#) installed PAT fields a year earlier in the spring of 1975.^[24]

Other installations

[[edit](#)]

Other [NFL](#) stadiums which installed Poly-Turf included [Schaefer Stadium](#), opened in 1971 for the [New England Patriots](#),^[11] and [Tulane Stadium](#) in [New Orleans](#), home of the [Saints](#), [Tulane University](#), and the [Sugar Bowl](#). Notable college stadiums included [Legion Field](#) in [Birmingham, Alabama](#)^[28] and [Alumni Stadium](#) at [Boston College](#).^[29]

American Biltrite ceased production of Poly-Turf in 1973; 3M stopped the manufacture of its Tartan Turf in 1974, citing rising oil prices in light of the 1973 oil embargo.^[4] This left AstroTurf as the only major manufacturer of artificial turf (with only minor competition along the way) until [FieldTurf](#) was introduced in the late 1990s.^[30]
